Bug: Accessing the page for Lancia Stratos crashes the site, rendering controls unusable

Steps to reproduce:

1. Navigate to https://buggy.justtestit.org
2. Navigate to https://buggy.justtestit.org/overall by clicking on the photo below "Overall Rating"
3. Use the arrow navigational buttons on the bottom of the page to scroll through the cars until you find Lancia Stratos
4. Click on either the "Stratos" link under the Model column, or click on the photo

Severity: High
Impact: Critical

Expected result: user should be able to see details about the car

Actual: No details are shown. Upon further investigation, the user cannot navigate to further pages, even if manually typing in the URL in the address bar. A workaround is to open another tab/browser, entering https://buggy.justtestit.org, or to use the same tab window, enter https://buggy.justtestit.org and press enter, and perform a hard refresh (ctrl+F5) to make the window usable again
